COUNTY NEWS NOTES.

To insure insertion ALL correspondence must be in this office by Monday night of each week, and that nearby on Monday morning.

Our correspondents are derelict in duty and we want to say that henceforth they will not receive papers except for the week they have news letters. We are dependent upon them for the news and when they fail to send in their favors they put us to great inconvenience.

SUNNY SIDE.

Lanford Craft and father gave us a call last Saturday.

Dr. Ova Swango and wife spent Saturday in West Liberty.

Sunday school reopened at the Methodist church last Sunday.

The Sunny Side home is being repapered this week, which adds to its appearance.

Miss Minnie L. Day and Elza James were visiting Sunny Side Sunday afternoon.

We think that Mr. Wilson was at his best when he composed the "Melodies that Mother Sung," and we must thank him for it.

We went out to Daysboro Friday and while on our way met Charlie Arnett, one of our old school mates. We were delighted to see him once again.

The following left Tuesday for Clay City to attend district conference: J. W. Taulbee and daughter, Miss Lula, and Brother Pike and Mrs. Ellen Swango.

Edward Oney and Miss Minnie Day left Monday for Jackson. The former returned Tuesday with his sister, Miss Calla, who has been attending the S. P. Lees school at that place for some time.

The late frost did not only take from us our garden "sass," but he laid his icy hand on our fruit crop, and said wilt thou and it wilted. Oh! cruel hard hearted Jack, why hast thou taken from us the necessities of life? Guess it is because we do not do all we could for poor starving India.

Ye scribe in company with Callie Taulbees spent last Wednesday night with Mrs. Ida Johnson, of Lacy creek, and we also attended a meeting at Miles Fallen's conducted by Bros. Pieratt and Adams. We left early Thursday morning for H. G. A., where we are spending our happy childhood days. Yet those days may soon pass; but Oh! may happier ones take their place.

STRAY SHOTS.

H. C. Turner, of Mt. Sterling, who has been in Kansas City the past winter, is now at Paris, Illinois.

Northern Arkansas is enjoying a boom on account of the discovery of immense deposits of zinc and copper.

Mrs. Will Miller, of Paris, Ill., attended the Dewey reception at Memphis, Tenn. She made the trip by water.

Howard Trimble, of Appleton City, Mo., has brought suit against his town for \$10,000. He alleges a bad side walk which caused him to fall, breaking his arm.

Tom Trimble, of Paris, Ill., has returned from his visit to his father at Pomeroyton. He brought his brother, Davy Crockett Trimble, with him who will probably remain permanently.

Jerry South, ex-lieutenant governor of Arkansas, is a candidate for congress. His chances are not the best as his opponent is one of the most popular men in that state. Mr. South was formerly of Breathitt county as well as Frankfort, Ky.

Dewey was here and the whole town and 20,000 visitors tried to see him. They jammed and punched, and clawed and jawed me till I nearly smothered. They walked on my feet, and shoved me this way and that. It was a glorious day for George. I was kicked on the shins every now and then while policemen struck at me with clubs to "stand back." Some vile, unpatriotic plug dug got my watch and about eighty-five cents in cash, which didn't make me feel a bit good. Once I got a glimpse of a feather in his wife's hat by tip-toeing and stretching my neck, but then the crowd jammed me again till I could see stars with my eyes shut. They had a dozen bands playing but nobody could hear them. No, I did not see the hero of Manila, but I saw the building in which they said he was eating. Hoorah for Dewey. J. H. S. Memphis, Tenn., May 17.

Not the Place for Willie.

A bright looking boy applied to the manager of one of the big department stores the other day for a position, and was asked what particular thing he felt competent to do.

"Well," he said, "I might start in as a cash boy."

"Very well. What is your name?"

"Willie Steele."

The manager look at him doubtfully for a moment and then said: "No, Willie, I'm sorry, but we can't have that name connected with our cash department. Go down in the basement where they handle iron goods and see if they can't use you there."—Chicago Times-Herald.

THE BEST

Food for Intellectual Thought.

No man can vote intelligently unless he thinks intelligently. In this time of "wars and rumors of wars" the greatest aid to intelligent thinking and the best food for intelligent thought is that newspaper which is greatest and best.

Important political issues are daily growing more important. An intelligent understanding of the policy of a nation or a great political party is something to be desired, and it is the duty of every citizen to thoroughly inform himself upon the leading topics of the day.

THE SEMI-WEEKLY REPUBLIC is the greatest and best of all newspapers. Its telegraphic and cable news service excels that of any other paper. It prints the news fully; not imaginative occurrences, but domestic and world-distant, fully authenticated facts.

The policies of the great political parties are now being formed and the candidate discussed. Now is the time to subscribe for the best medium of keeping in touch with the whole world—THE SEMI-WEEKLY REPUBLIC.

No less worthy of attention is THE REPUBLIC'S Sunday Magazine. It is replete each issue with the best of special articles written by the best of literary talent. Its beautiful half-tone illustrations have already made it famous and their quality and quantity will be preserved.

News features of absorbing attraction are illustrated and enlarged upon in a manner equal to the high priced magazines. Events of current interest are set forth in enter taining style. There is humor in its pages, too, and for the benefit of the ladies the latest Paris fashions are each week exquisitely illustrated and described. THE REPUBLIC'S Sunday Magazine is standard.

The subscription price of THE SEMI-WEEKLY REPUBLIC is \$1.00 per year. THE REPUBLIC Sunday Magazine \$1.25 per year. Both papers are now being offered at the low price of \$1.50 for one year. To secure this low rate both must be ordered and paid for at the same time. Address all orders to THE REPUBLIC, St. Louis, Mo.

THE HERALD has not yet been honored with the proceedings of the district democratic committee held at Salyersville last week, but we learn that county conventions are to be held on Wednesday, July 25, and the district convention July 28, at Paintsville, in Johnson county. Just who will be the contending candidates for the honor of representing the tenth district, we do not know, but presume they will show up soon.

With three governors inaugurated within five months Kentucky certainly takes the lead in executives.

Now that the contest as to the governorship has been settled, the people are speculating as to who will be the nominee of the respective parties next fall when a governor must be elected. Gov. Beckham, some maintain, will be the democratic candidate notwithstanding a provision in the constitution that no man can succeed himself as governor. Well, according to our way of thinking, that shuts out Mr. Beckham, and he being out, who is the man to nominate? Who can come most nearly to uniting the Goebel and anti-Goebel elements? Hon. James D. Black, of Barbourville, is beyond question the man of all men in the party to attain that end. He is absolutely free of all "antis," "isms," etc., and there is not a democrat in the state who can not, or who will not gladly cast his vote in convention for the Hon. James D. Black as the democratic nominee for governor and we feel that every democrat who knows Mr. Black will be as glad to do so as would the editor of the Hazel Green HERALD, who for years has felt that Mr. Black is every way most eligible. As between the old line democrats and the young democracy of the state Mr. Black is the happy medium to satisfy both classes. He is in the prime of life, knows all the history of the party and of the state, a gentleman of elegant eloquence and so eminently qualified in every essential for the office of state executive that the old men of the party feel that in handing the office over to him they would be passing it into hands that would forever honor it, honor the state and honor himself. The young democrats in whose hands the safety of the party now rests, feel that Mr. Black would be a worthy successor of the long line of illustrious governors, whose names illumine with electric brilliancy the escutcheon of Kentucky. He is in short, a Crittenden created for the occasion, and if the party be wise it will make haste to arrange with Mr. Black to accept the situation. There must be no mistake in making the nomination for governor this time, and the oft quoted but much abused aphorism, "The party is greater than any man," must be strictly adhered to or there are very grave doubts of losing to the enemy. Maddened by their losses in cases before the courts, the republicans will exert every effort to win the next gubernatorial race, and every mistake we make will be utilized by them for all there is in it. With the success of the party first and foremost for us, THE HERALD will be found in the front rank fighting for the success of the democratic party, and though only "a mountain howitzer" in magnitude, it will be aimed and fired with all the skill we can command, and with the view of making every shot count. With that end in view we this week nominate Mr. Black as the democratic nominee for governor, and ask all democratic papers in the state to calmly, carefully, conscientiously consider his claims regardless of territorial circumstances. Let the papers of the interior of the state for once grant us the right to this office, the material we offer being equal to any that can be produced elsewhere, and we will be content. Not only that, but the state will be redeemed from republican rule—or misrule—the party be united, the people generally be made happy and prosperous and the tax-payers delightfully delighted.

The Taylor troops suddenly find themselves out of a job, that gentleman having instructed Adjutant General Collier to step down and out and dismiss his "sojers."

When the news reached here on Monday afternoon that the supreme court had decided in favor of Gov. Beckham in the contest between him and Gov. Taylor the democrats shouted to each other the glad tidings, and the republicans were correspondingly downcast. THE HERALD, with the state constitution as its basis for the belief, has all the time maintained that, no matter before what tribunal it was tried, Gov. Beckham would be declared the governor in fact. It was therefore no surprise to us, but with all good citizens of the commonwealth we regret that the matter could not or was not settled when the general assembly first met. The contest has engendered a great deal of bad blood, resulted in the death of Gov. Goebel and innumerable other crimes, to say nothing of the expenditure of an immense sum of money, the burden of which must be borne by an already overladen people.

Puerto Rico, if it belongs to the United States, and no one seems to deny it, should be entitled to the same privileges as have been the territories of this union prior to statehood. Why, indeed, can she not be admitted into the union as the state of Porto-Rico?

Lexington & Eastern Railway, General Passenger Department.—Lexington, Ky., May 15, 1900.—Effective May 15th, Mr. T. R. Morgan is appointed soliciting passenger agent of this company with headquarters at Lexington.

Republican Convention.

The republicans of Wolfe county are hereby notified to meet in mass convention at the court house in Campton, Ky., on Saturday, May 26, 1900, for the purpose of selecting delegates to attend the convention at Louisa, Ky., June 5th, 1900, for the purpose of nominating a candidate for the office of Judge of the Court of Appeals.

FOR SALE—A scholarship in the Commercial College of Kentucky University. By early application at this office some young man can save several dollars.

1,000,000 DEATHS!

FROM CHOLERA DURING THE PAST YEAR.

The Germs of this Fatal Disease are Lurking Everywhere! Thousands of Dollars Saved by This Wonderful Discovery.

Hundreds of thousands of dollars has been lost in the poultry business on account of the devastation among the flocks caused by cholera, croup, gape and other fatal diseases. There have been many remedies advanced, but none seem to be so successful as the American Poultry Mixture. This will cure chickens in the last stage of cholera and croup, and is excellent for gapes. Do your fowls suffer from violent diarrhea, dropping of the wings, stupor or excessive thirst? These are the first symptoms of cholera. Cholera is a germ disease and being infectious spreads rapidly through the entire flock. Take time by the forelock; don't stop to experiment with unreliable or untried remedies. Use this mixture at once and the sanitary measures they recommend in connection. Don't give the fowls up. Cholera is a terrible disease but this remedy cures it every time. It is also guaranteed for roup, which can be told by hoarse breathing, swelled eyes, discharge at the nostrils, resembling catarrh. Fifty dollars is offered for any case the Mixture will not cure. If some of your fowls are diseased it will prevent the rest from catching it. Try it. It is cheap, reliable and effective; a scientific preparation, goes more than three times as far as any other remedy; does more good than all of them combined. It is used and endorsed by the most experienced and largest breeders of plain and fancy poultry in all parts of the world. The manufacturers guarantee every package or refund purchase money. If your druggist don't sell American Poultry Mixture, he's behind the age. In that case send \$1.00 for sample box to American Mfg. Co., Terre Haute, Ind.

On Saturday afternoon last four or five men were drinking drugs, etc., at Lee City, and Jim Dykes, with a revolver in each hand was terrorizing those present at the store of Caleb Allen, a merchant of that place, when Jack Miller, his friend, attempted to get him away. Dykes became offended at Miller's interference and shot him. The ball entering the left breast, three inches below the nipple. Dr. Taulbee and Dr. Carroll examined the wound, and after probing for some time for the ball, located it in the muscle of the back, imbedded an inch and a half in the flesh. Dr. Taulbee cut it out, and it was thought that Miller might recover the wound. But on Monday fever set up and he rapidly grew worse. Dykes was not arrested until Monday evening, when he was apprehended in Magoffin. After Miller was shot he ran 20 feet, picked up a rock and threw it at Dykes. In the meantime Al Miller, a brother of Jack, got his shot gun and fired at Dykes, some half dozen shot entering his breast. In the door jam by the side of Dykes was a hole the size of a goose egg.

Prof. Cord and Q. C. Daniel left Monday for Morehead to investigate the offer made by the citizens of that place to the C. W. B. M. for the academy here, which they want badly. It is understood that their offer is \$5,000, which embraces a brick dwelling house and several acres of land. The national C. W. B. M. will compare the offer made by Morehead and Hazel Green, respectively, and as Hazel Green is already in possession, we have a fair show of retaining it. The national board has never had action on the matter until now.

NOT HER PERSIMMON.

BY SAM WILSON.

The broken vow you made me
I never can forget;
And all the love I gave thee
I ever shall regret.
And now we two must sever,
And not one link remain
Which might have shone forever,
Without a tear or stain.
I gaze upon the tokens,
Which you've sent back to me,
And were thy dearest treasures
To fill thy heart with grief:
The poetry letters—all are here,
And O, I wrote these lines
While thy pure image hovered near
To beautify my rhymes.
With downcast eyes I linger
On a gem of purest ray,
Which shone upon thy finger
On our engagement day.
Within that little package
My picture meets the view.
Have I deserved this—tell me,
Have I been false to you?

W. R. SMITH'S COMMERCIAL COLLEGE,
Lexington, Ky., Is the Place to Educate
for Profit, to Get a Living and
Become Useful Citizens.

A good education is necessary to make our children influential in the world. It is an imperishable capital, a grand legacy that will last as long as life and reason exists. No young man should venture into business for himself or attempt to take charge of that of another without a business training.

Prof. Wilbur R. Smith has been the well known president of the Commercial College of Kentucky University, Lexington, Ky., for 24 years, during which time he has educated thousands of young people for positions of honor and of trust. His graduates are to be found in high salaried positions all over this broad land. Prof. Smith makes a specialty of imparting to young and middle-aged people a practical education, as bookkeeping, shorthand and typewriting, etc. He has been connected with various enterprises in an official capacity: has been vice-president of a national bank, and adjutant general of Kentucky. He now devotes his whole time to his college work. This responsible and influential college watches the interest of its pupils.

Situations are secured by hundreds of its graduates every year. They have the distinguished honor of being awarded the diploma from the Kentucky University under seal.

Lexington, Ky., contains 35,000 people. Its society has always been recognized as the most hospitable and cultivated. It is the very place for young people to attend college during the summer and fall.

At no time in the history of the entire country has there been such a demand for educated young men and women. The south is richer now by far than ever before. More factories are going up and new capital coming from the north and east seeking investment. In conclusion we refer you to Prof. Smith's advertisement in this paper. He will gladly send you full particulars of his famous college by addressing only, Prof. W. R. Smith, Lexington, Ky.

FOR SALE.

Having decided to remove from Hazel Green I will sell all of my SHOP TOOLS AND FIXTURES, including BELLOWS, ANVIL, VISES, SCREW-PLATES, TIRE SHRINKERS, BENDERS, DRILL, etc., etc., too numerous to mention in detail. This is a good chance for some enterprising man to buy my entire interest in the firm of ROSE & DAVIS, and reap the reward of my labor in building up the trade the firm now enjoys. But unless I get an offer at once the tools, etc., will be sold in quantities to suit. In the shop is a large lot of blacksmith and wagon-makers' material, such as iron, steel, bolts, seasoned lumber, etc., to be disposed of in the same way.

Also, all of my HOUSEHOLD AND KITCHEN FURNITURE will be sold in quantities to suit purchasers, and the early callers will get bargains. A horse, harness, two saddles and a good milk cow will be sold.

"A GROUND-HOG CASE"

stares me in the face, and as I will soon leave Hazel Green it is absolutely necessary that I collect every debt due me, and I request all who are owing me to come forward and settle up at once. Those failing to do so may have to pay costs of collection, as I must and will have my money. The old man, you remember, tried to coax the boy out of the apple tree, and failing in that he resorted to rocks. I hope I won't have to throw any. Respectfully,
JOHN H. ROSE.

ONE CENT PER YEAR,

Paid by Uncle Sam for Mail Service up in Wisconsin—Cheapest Government Official on Record.

Iowa county, Wisconsin, lays claim to having the lowest-salaried official in the employ of the United States government. The government hires Frank Lynch for one cent a year to carry the mail between Dodgeville, Wis., the county seat of Iowa county, and Mineral Point, nine miles distant.

It is the law that such employees shall be paid quarterly, but Lynch, although he has been carrying the mails regularly since last July, has as yet received no quarters of a cent or checks for those amounts. The young man is not looking for any remittances on his salary until next July, when he expects a check for a whole cent. It is supposed this will be the smallest check ever issued by the government and efforts have already been made to secure possession of it. The mail carrier has received several offers of \$15 or \$20 for the check, but he has so far warily avoided any definite entanglements.

Both Dodgeville and Mineral Point have railroads, but there is none between the two towns. The trip from one place to the other by rail is so roundabout that it is out of the question, so passengers and mail are driven across country. Whoever has the contract for carrying the mail feels he is certain of all the passenger trade, for no one has yet had the courage to compete for passenger business with the United States mail carrier. For this reason the transfer of the mail is deemed a valuable privilege.

Every four years the post office department invites bids and lets out new contracts to lowest bidders for transfer of mail. Last year there was the liveliest competition ever known for the Dodgeville-Mineral Point contract. Several different men signified their intention of going into the contest and the "talk" was kept up until each bidder knew he would have to go pretty low to get the prize. The man who then held the contract had been receiving about \$40 per year for carrying the mail. It is said that when the bids for the new contract were opened in Washington it was found that the three lowest offers for carrying the mail per year were one cent, 39 cents and \$1.50. Frank Lynch, being the one cent bidder, was awarded the contract for four years.

In summer time, says the Chicago Chronicle, there is nothing of special interest about the trip from Dodgeville to Mineral Point. A so-called stage, which is at least a first cousin to a spring wagon, is the conveyance used, and the journey is made with comfort and on a pleasant day with pleasure, for the rolling, hilly country of southwestern Wisconsin is especially attractive in the summer.

But in the winter time the presence or absence of snow generally determines the comfort or discomfort of the trip. When there is sleighing the mail carrier takes his passengers across country as snug as a bug in a rug. On a pair of bobs he has a long-bodied box in affair which looks more like a freight car than anything else. In the center of this box is a stove and about the sides are seats for the passengers, who enter by a little door in the rear of the car, and a rousing fire is kept going in the little stove and the trip is made without the least discomfort.

But when there is no snow on the ground this nine-mile trip is quite a different proposition. The old spring wagon-stage, with a few lap robes, is brought into service. Curtains are hung all around as a supposed protection against the Wisconsin blasts, but it takes more than oilcloth curtains to resist the penetrating qualities of the cold up there. A skin coat and nothing but a skin coat will keep out the cold. When the thermometer is below zero and there is no snow on the ground that trip of nine miles can only be taken with suffering, as many a traveler can testify.

"WHITAR" ONLY WHITE TAR SOAP IN THE WORLD.

Whitar Soap is a luxurious and purified toilet soap and superior to the old black tar soaps in every way. It contains all the healing and antiseptic properties of the black tar soaps, with entire freedom from their objectionable features. It soils neither towel nor wash bowl, for its lather is snow-white. It lathers in hard or soft water far more freely than other tar soaps, and being 100 per cent pure, outlasts any of "the filled" soaps of equal size. It contains much more glycerine than other soaps, and this together with its soft lather make it a king among shampoo soaps. In the treatment of skin, scalp and hair diseases, aggravated cases of dandruff, scald head, falling hair, etc., Whitar is highly recommended. Physicians recommend it for babies' baths, and in cases of chafe or heat rash, the soap is peculiarly efficacious.

COUNTY NEWS NOTES.

To insure insertion ALL correspondence must be in this office by Monday night of each week, and that nearby on Monday morning.

Our correspondents are derelict in duty and we want to say that henceforth they will not receive papers except for the week they have news letters. We are dependent upon them for the news and when they fail to send in their favors they put us to great inconvenience.

The late frost did not only take from us our garden "sass," but he laid his icy hand on our fruit crop, and said wilt thou and it wilted. Oh! cruel hard hearted Jack, why hast thou taken from us the necessities of life? Guess it is because we do not do all we could for poor starving India.

Ye scribe in company with Callie Taulbees spent last Wednesday night with Mrs. Ida Johnson, of Lacy creek, and we also attended a meeting at Miles Fallen's conducted by Bros. Pieratt and Adams. We left early Thursday morning for H. G. A., where we are spending our happy childhood days. Yet those days may soon pass; but Oh! may happier ones take their place.

STRAY SHOTS.

H. C. Turner, of Mt. Sterling, who has been in Kansas City the past winter, is now at Paris, Illinois.

Northern Arkansas is enjoying a boom on account of the discovery of immense deposits of zinc and copper.

Mrs. Will Miller, of Paris, Ill., attended the Dewey reception at Memphis, Tenn. She made the trip by water.

Howard Trimble, of Appleton City, Mo., has brought suit against his town for \$10,000. He alleges a bad side walk which caused him to fall, breaking his arm.

Tom Trimble, of Paris, Ill., has returned from his visit to his father at Pomeroyton. He brought his brother, Davy Crockett Trimble, with him who will probably remain permanently.

Jerry South, ex-lieutenant governor of Arkansas, is a candidate for congress. His chances are not the best as his opponent is one of the most popular men in that state. Mr. South was formerly of Breathitt county as well as Frankfort, Ky.

Dewey was here and the whole town and 20,000 visitors tried to see him. They jammed and punched, and clawed and jawed me till I nearly smothered. They walked on my feet, and shoved me this way and that. It was a glorious day for George. I was kicked on the shins every now and then while policemen struck at me with clubs to "stand back." Some vile, unpatriotic plug dug got my watch and about eighty-five cents in cash, which didn't make me feel a bit good. Once I got a glimpse of a feather in his wife's hat by tip-toeing and stretching my neck, but then the crowd jammed me again till I could see stars with my eyes shut. They had a dozen bands playing but nobody could hear them. No, I did not see the hero of Manila, but I saw the building in which they said he was eating. Hoorah for Dewey. J. H. S. Not the Place for Willie.

A bright looking boy applied to the manager of one of the big department stores the other day for a position, and was asked what particular thing he felt competent to do.

"Well," he said, "I might start in as a cash boy."

"Very well. What is your name?"

"Willie Steele."

The manager look at him doubtfully for a moment and then said: "No, Willie, I'm sorry, but we can't have that name connected with our cash department. Go down in the basement where they handle iron goods and see if they can't use you there."—Chicago Times-Herald.

THE BEST

Food for Intellectual Thought.

No man can vote intelligently unless he thinks intelligently. In this time of "wars and rumors of wars" the greatest aid to intelligent thinking and the best food for intelligent thought is that newspaper which is greatest and best.

Important political issues are daily growing more important. An intelligent understanding of the policy of a nation or a great political party is something to be desired, and it is the duty of every citizen to thoroughly inform himself upon the leading topics of the day.

THE SEMI-WEEKLY REPUBLIC is the greatest and best of all newspapers. Its telegraphic and cable news service excels that of any other paper. It prints the news fully; not imaginative occurrences, but domestic and world-distant, fully authenticated facts.

The policies of the great political parties are now being formed and the candidate discussed. Now is the time to subscribe for the best medium of keeping in touch with the whole world—THE SEMI-WEEKLY REPUBLIC.

No less worthy of attention is THE REPUBLIC'S Sunday Magazine. It is replete each issue with the best of special articles written by the best of literary talent. Its beautiful half-tone illustrations have already made it famous and their quality and quantity will be preserved.

News features of absorbing attraction are illustrated and enlarged upon in a manner equal to the high priced magazines. Events of current interest are set forth in enterprising style. There is humor in its pages, too, and for the benefit of the ladies the latest Paris fashions are each week exquisitely illustrated and described. THE REPUBLIC'S Sunday Magazine is standard.

The subscription price of THE SEMI-WEEKLY REPUBLIC is \$1.00 per year. THE REPUBLIC Sunday Magazine \$1.25 per year. Both papers are now being offered at the low price of \$1.50 for one year. To secure this low rate both must be ordered and paid for at the same time. Address all orders to THE REPUBLIC, St. Louis, Mo.

THE HERALD has not yet been honored with the proceedings of the district democratic committee held at Salyersville last week, but we learn that county conventions are to be held on Wednesday, July 25, and the district convention July 28, at Paintsville, in Johnson county. Just who will be the contending candidates for the honor of representing the tenth district, we do not know, but presume they will show up soon.

With three governors inaugurated within five months Kentucky certainly takes the lead in executives.

Now that the contest as to the governorship has been settled, the people are speculating as to who will be the nominee of the respective parties next fall when a governor must be elected. Gov. Beckham, some maintain, will be the democratic candidate notwithstanding a provision in the constitution that no man can succeed himself as governor. Well, according to our way of thinking, that shuts out Mr. Beckham, and he being out, who is the man to nominate? Who can come most nearly to uniting the Goebel and anti-Goebel elements? Hon. James D. Black, of Barbourville, is beyond question the man of all men in the party to attain that end. He is absolutely free of all "antis," "isms," etc., and there is not a democrat in the state who can not, or who will not gladly cast his vote in convention for the Hon. James D. Black as the democratic nominee for governor and we feel that every democrat who knows Mr. Black will be as glad to do so as would the editor of the Hazel Green HERALD, who for years has felt that Mr. Black is every way most eligible. As between the old line democrats and the young democracy of the state Mr. Black is the happy medium to satisfy both classes. He is in the prime of life, knows all the history of the party and of the state, a gentleman of elegant eloquence and so eminently qualified in every essential for the office of state executive that the old men of the party feel that in handing the office over to him they would be passing it into hands that would forever honor it, honor the state and honor himself. The young democrats in whose hands the safety of the party now rests, feel that Mr. Black would be a worthy successor of the long line of illustrious governors, whose names illumine with electric brilliancy the escutcheon of Kentucky. He is in short, a Crittenden created for the occasion, and if the party be wise it will make haste to arrange with Mr. Black to accept the situation. There must be no mistake in making the nomination for governor this time, and the oft quoted but much abused aphorism, "The party is greater than any man," must be strictly adhered to or there are very grave doubts of losing to the enemy. Maddened by their losses in cases before the courts, the republicans will exert every effort to win the next gubernatorial race, and every mistake we make will be utilized by them for all there is in it. With the success of the party first and foremost for us, THE HERALD will be found in the front rank fighting for the success of the democratic party, and though only "a mountain howitzer" in magnitude, it will be aimed and fired with all the skill we can command, and with the view of making every shot count. With that end in view we this week nominate Mr. Black as the democratic nominee for governor, and ask all democratic papers in the state to calmly, carefully, conscientiously consider his claims regardless of territorial circumstances. Let the papers of the interior of the state for once grant us the right to this office, the material we offer being equal to any that can be produced elsewhere, and we will be content. Not only that, but the state will be redeemed from republican rule—or misrule—the party be united, the people generally be made happy and prosperous and the tax-payers delightfully delighted.

The Taylor troops suddenly find themselves out of a job, that gentleman having instructed Adjutant General Collier to step down and out and dismiss his "sojers."

When the news reached here on Monday afternoon that the supreme court had decided in favor of Gov. Beckham in the contest between him and Gov. Taylor the democrats shouted to each other the glad tidings, and the republicans were correspondingly downcast. THE HERALD, with the state constitution as its basis for the belief, has all the time maintained that, no matter before what tribunal it was tried, Gov. Beckham would be declared the governor in fact. It was therefore no surprise to us, but with all good citizens of the commonwealth we regret that the matter could not or was not settled when the general assembly first met. The contest has engendered a great deal of bad blood, resulted in the death of Gov. Goebel and innumerable other crimes, to say nothing of the expenditure of an immense sum of money, the burden of which must be borne by an already overladen people.

Puerto Rico, if it belongs to the United States, and no one seems to deny it, should be entitled to the same privileges as have been the territories of this union prior to statehood. Why, indeed, can she not be admitted into the union as the state of Porto-Rico?

Republican Convention.

The republicans of Wolfe county are hereby notified to meet in mass convention at the court house in Campton, Ky., on Saturday, May 26, 1900, for the purpose of selecting delegates to attend the convention at Louisa, Ky., June 5th, 1900, for the purpose of nominating a candidate for the office of Judge of the Court of Appeals.

FOR SALE—A scholarship in the Commercial College of Kentucky University. By early application at this office some young man can save several dollars.

1,000,000 DEATHS!

FROM CHOLERA DURING THE PAST YEAR.

The Germs of this Fatal Disease are Lurking Everywhere! Thousands of Dollars Saved by This Wonderful Discovery.

Hundreds of thousands of dollars has been lost in the poultry business on account of the devastation among the flocks caused by cholera, croup, gape and other fatal diseases. There have been many remedies advanced, but none seem to be so successful as the American Poultry Mixture. This will cure chickens in the last stage of cholera and croup, and is excellent for gapes. Do your fowls suffer from violent diarrhea, dropping of the wings, stupor or excessive thirst? These are the first symptoms of cholera. Cholera is a germ disease and being infectious spreads rapidly through the entire flock. Take time by the forelock; don't stop to experiment with unreliable or untried remedies. Use this mixture at once and the sanitary measures they recommend in connection. Don't give the fowls up. Cholera is a terrible disease but this remedy cures it every time. It is also guaranteed for roup, which can be told by hoarse breathing, swelled eyes, discharge at the nostrils, resembling catarrh. Fifty dollars is offered for any case the Mixture will not cure. If some of your fowls are diseased it will prevent the rest from catching it. Try it. It is cheap, reliable and effective; a scientific preparation, goes more than three times as far as any other remedy; does more good than all of them combined. It is used and endorsed by the most experienced and largest breeders of plain and fancy poultry in all parts of the world. The manufacturers guarantee every package or refund purchase money. If your druggist don't sell American Poultry Mixture, he's behind the age. In that case send \$1.00 for sample box to American Mfg. Co., Terre Haute, Ind.

NERVOUS troubles are cured by Hood's Sarsaparilla, which enriches and purifies the blood. It is the best medicine for nervous PEOPLE.

On Saturday afternoon last four or five men were drinking drugs, etc., at Lee City, and Jim Dykes, with a revolver in each hand was terrorizing those present at the store of Caleb Allen, a merchant of that place, when Jack Miller, his friend, attempted to get him away. Dykes became offended at Miller's interference and shot him. The ball entering the left breast, three inches below the nipple. Dr. Taulbee and Dr. Carroll examined the wound, and after probing for some time for the ball, located it in the muscle of the back, imbedded an inch and a half in the flesh. Dr. Taulbee cut it out, and it was thought that Miller might recover the wound. But on Monday fever set up and he rapidly grew worse. Dykes was not arrested until Monday evening, when he was apprehended in Magoffin. After Miller was shot he ran 20 feet, picked up a rock and threw it at Dykes. In the meantime Al Miller, a brother of Jack, got his shot gun and fired at Dykes, some half dozen shot entering his breast. In the door jam by the side of Dykes was a hole the size of a goose egg.

Prof. Cord and Q. C. Daniel left Monday for Morehead to investigate the offer made by the citizens of that place to the C. W. B. M. for the academy here, which they want badly. It is understood that their offer is \$5,000, which embraces a brick dwelling house and several acres of land. The national C. W. B. M. will compare the offer made by Morehead and Hazel Green, respectively, and as Hazel Green is already in possession, we have a fair show of retaining it. The national board has never had action on the matter until now.

NOT HER PERSIMMON.

BY SAM WILSON.

The broken vow you made me
I never can forget;
And all the love I gave thee
I ever shall regret.
And now we two must sever,
And not one link remain
Which might have shone forever,
Without a tear or stain.
I gaze upon the tokens,
Which you've sent back to me,
And were thy dearest treasures
To fill thy heart with grief:
The poetry letters—all are here,
And O, I wrote these lines
While thy pure image hovered near
To beautify my rhymes.
With downcast eyes I linger
On a gem of purest ray,
Which shone upon thy finger
On our engagement day.
Within that little package
My picture meets the view.
Have I deserved this—tell me,
Have I been false to you?

W. R. SMITH'S COMMERCIAL COLLEGE,
Lexington, Ky., Is the Place to Educate
for Profit, to Get a Living and
Become Useful Citizens.

A good education is necessary to make our children influential in the world. It is an imperishable capital, a grand legacy that will last as long as life and reason exists. No young man should venture into business for himself or attempt to take charge of that of another without a business training.

Prof. Wilbur R. Smith has been the well known president of the Commercial College of Kentucky University, Lexington, Ky., for 24 years, during which time he has educated thousands of young people for positions of honor and of trust. His graduates are to be found in high salaried positions all over this broad land. Prof. Smith makes a specialty of imparting to young and middle-aged people a practical education, as bookkeeping, shorthand and typewriting, etc. He has been connected with various enterprises in an official capacity: has been vice-president of a national bank, and adjutant general of Kentucky. He now devotes his whole time to his college work. This responsible and influential college watches the interest of its pupils.

Situations are secured by hundreds of its graduates every year. They have the distinguished honor of being awarded the diploma from the Kentucky University under seal.

Lexington, Ky., contains 35,000 people. Its society has always been recognized as the most hospitable and cultivated. It is the very place for young people to attend college during the summer and fall.

At no time in the history of the entire country has there been such a demand for educated young men and women. The south is richer now by far than ever before. More factories are going up and new capital coming from the north and east seeking investment. In conclusion we refer you to Prof. Smith's advertisement in this paper. He will gladly send you full particulars of his famous college by addressing only, Prof. W. R. Smith, Lexington, Ky.

FOR SALE.

Having decided to remove from Hazel Green I will sell all of my SHOP TOOLS AND FIXTURES, including BELLOWS, ANVIL, VISES, SCREW-PLATES, TIRE SHRINKERS, BENDERS, DRILL, etc., etc., too numerous to mention in detail. This is a good chance for some enterprising man to buy my entire interest in the firm of ROSE & DAVIS, and reap the reward of my labor in building up the trade the firm now enjoys. But unless I get an offer at once the tools, etc., will be sold in quantities to suit. In the shop is a large lot of blacksmith and wagon-makers' material, such as iron, steel, bolts, seasoned lumber, etc., to be disposed of in the same way.

Also, all of my HOUSEHOLD AND KITCHEN FURNITURE will be sold in quantities to suit purchasers, and the early callers will get bargains. A horse, harness, two saddles and a good milk cow will be sold.

"A GROUND-HOG CASE"

stares me in the face, and as I will soon leave Hazel Green it is absolutely necessary that I collect every debt due me, and I request all who are owing me to come forward and settle up at once. Those failing to do so may have to pay costs of collection, as I must and will have my money. The old man, you remember, tried to coax the boy out of the apple tree, and failing in that he resorted to rocks. I hope I won't have to throw any. Respectfully,
JOHN H. ROSE.

ONE CENT PER YEAR,

Paid by Uncle Sam for Mail Service up in Wisconsin—Cheapest Government Official on Record.

Iowa county, Wisconsin, lays claim to having the lowest-salaried official in the employ of the United States government. The government hires Frank Lynch for one cent a year to carry the mail between Dodgeville, Wis., the county seat of Iowa county, and Mineral Point, nine miles distant.

It is the law that such employees shall be paid quarterly, but Lynch, although he has been carrying the mails regularly since last July, has as yet received no quarters of a cent or checks for those amounts. The young man is not looking for any remittances on his salary until next July, when he expects a check for a whole cent. It is supposed this will be the smallest check ever issued by the government and efforts have already been made to secure possession of it. The mail carrier has received several offers of \$15 or \$20 for the check, but he has so far warily avoided any definite entanglements.

Both Dodgeville and Mineral Point have railroads, but there is none between the two towns. The trip from one place to the other by rail is so roundabout that it is out of the question, so passengers and mail are driven across country. Whoever has the contract for carrying the mail feels he is certain of all the passenger trade, for no one has yet had the courage to compete for passenger business with the United States mail carrier. For this reason the transfer of the mail is deemed a valuable privilege.

Every four years the post office department invites bids and lets out new contracts to lowest bidders for transfer of mail. Last year there was the liveliest competition ever known for the Dodgeville-Mineral Point contract. Several different men signified their intention of going into the contest and the "talk" was kept up until each bidder knew he would have to go pretty low to get the prize. The man who then held the contract had been receiving about \$40 per year for carrying the mail. It is said that when the bids for the new contract were opened in Washington it was found that the three lowest offers for carrying the mail per year were one cent, 39 cents and \$1.50. Frank Lynch, being the one cent bidder, was awarded the contract for four years.

In summer time, says the Chicago Chronicle, there is nothing of special interest about the trip from Dodgeville to Mineral Point. A so-called stage, which is at least a first cousin to a spring wagon, is the conveyance used, and the journey is made with comfort and on a pleasant day with pleasure, for the rolling, hilly country of southwestern Wisconsin is especially attractive in the summer.

But in the winter time the presence or absence of snow generally determines the comfort or discomfort of the trip. When there is sleighing the mail carrier takes his passengers across country as snug as a bug in a rug. On a pair of bobs he has a long-bodied boxed-in affair which looks more like a freight car than anything else. In the center of this box is a stove and about the sides are seats for the passengers, who enter by a little door in the rear of the car, and a rousing fire is kept going in the little stove and the trip is made without the least discomfort.

But when there is no snow on the ground this nine-mile trip is quite a different proposition. The old spring wagon-stage, with a few lap robes, is brought into service. Curtains are hung all around as a supposed protection against the Wisconsin blasts, but it takes more than oilcloth curtains to resist the penetrating qualities of the cold up there. A skin coat and nothing but a skin coat will keep out the cold. When the thermometer is below zero and there is no snow on the ground that trip of nine miles can only be taken with suffering, as many a traveler can testify.

"WHITAR" ONLY WHITE TAR SOAP IN THE WORLD.

Whitar Soap is a luxurious and purified toilet soap and superior to the old black tar soaps in every way. It contains all the healing and antiseptic properties of the black tar soaps, with entire freedom from their objectionable features. It soils neither towel nor wash bowl, for its lather is snow-white. It lathers in hard or soft water far more freely than other tar soaps, and being 100 per cent pure, outlasts any of "the filled" soaps of equal size. It contains much more glycerine than other soaps, and this together with its soft lather make it a king among shampoo soaps. In the treatment of skin, scalp and hair diseases, aggravated cases of dandruff, scald head, falling hair, etc., Whitar is highly recommended. Physicians recommend it for babies' baths, and in cases of chafe or heat rash, the soap is peculiarly efficacious.
